Educators:

Thank you for your dedication to our region's children. We hope you and your students are off to a great school year. It's not too early to think schedule a fun and educational field trip to the Children's Museum, whether you want to come soon or wait until spring.

Still only \$5 per student with FREE adult chaperones! More info at funmuseum.org

Your group may qualify for one of these special offers (while grant funds last):

- **50% off for schools with significant low-income populations**, supported by XCel Energy, or
- **FREE visits for kindergarten classes**, supported by U.S. Bank Foundation and other donors!

Contact Hannah at 608-784-2652 or hannah@funmuseum.org now to schedule your group's visit.

We have added and updated many exhibits over the past two years.

Most recently, we replaced the Mighty Mississippi River exhibit. Here's a glimpse:
